

TECHNICAL DATA SHEET

F&L Extreme 100 is designed to increase horsepower in unleaded, computer controlled, late model vehicles. It also works very well in 4 stroke motorcycles, street rods, muscle cars, jet skis and boats. Its high (R+M)/2, 102 octane rating gives maximum protection against detonation to 12:1 compression ratio with aluminum heads. Extreme 100 does not contain lead, is CARB compliant and will not harm catalytic converters or oxygen sensors.

Fuel Family:	Street Legal Racing Fuel
Fuel Name:	Extreme 100
Octane (R+M)/2:	102.0
RON:	106.0
MON:	98.0
Specific Gravity:.....	0.718
RVP:.....	5.54
Oxygenated:.....	3.5%
Leaded:.....	No
Stoichiometric Ratio:	14.00
Ethanol	10%
Compliance	CARB

QUALITY. INTEGRITY. PERFORMANCE.
