

## TECHNICAL DATA SHEET

Today's Nitrous engines require tighter tolerances than ever before. F&L Nitrous was created with these demands in mind. Nitrous is perfect for the occasional plate system use or all the way up to a 350hp fogger setup.

Fuel Family: ..... Leaded Racing Fuel  
 Fuel Name: ..... Nitrous  
 Octane (R+M)/2: ..... 117.5  
 RON: ..... 120.0+  
 MON: ..... 115.0  
 Specific Gravity: ..... 0.706  
 RVP: ..... 4.35  
 Oxygenated: ..... No  
 Leaded: ..... Yes  
 Stoichiometric Ratio: ..... 15.00  
 Color: ..... Blue

# QUALITY. INTEGRITY. PERFORMANCE.
