

## TECHNICAL DATA SHEET

SP-101 is an ethanol free unleaded racing fuel. Designed to exceed the demands of performance engines that require better unleaded fuel than regular pump gas. SP-101 will also help fight vapor lock and eliminate gumming up fuel injectors or carburetors during long storage periods. When properly stored, SP-101 will keep its freshness for up to 18 months. SP-101 is also the perfect fuel choice for small engine applications like generators, lawn equipment or agricultural pumps.

Fuel Family:	.....Powersports Racing Fuel
Fuel Name:	..... SP-101
Octane (R+M)/2:	.....101.0
RON:	.....104.0
MON:	.....98.1
Specific Gravity:	.....0.704
RVP:	.....6.00
Oxygenated:	..... 2%
Leaded:	..... No
Stoichiometric Ratio:	.....14.67
Color:	..... Clear
